On account of the non-delivery of the Public Statutes, the dog license money of 1891 was reported last year as being a part of the common treasury fund, but should have been shown as a liability. Had this been done it would have made the increase of the debt last year read \$484.53 instead of \$211.53. Then the increase of the debt this year would show as it should be \$232.26 instead of \$505.26 as reported above.
